Please let your child guide you through these pictures.

Here are some classmates!

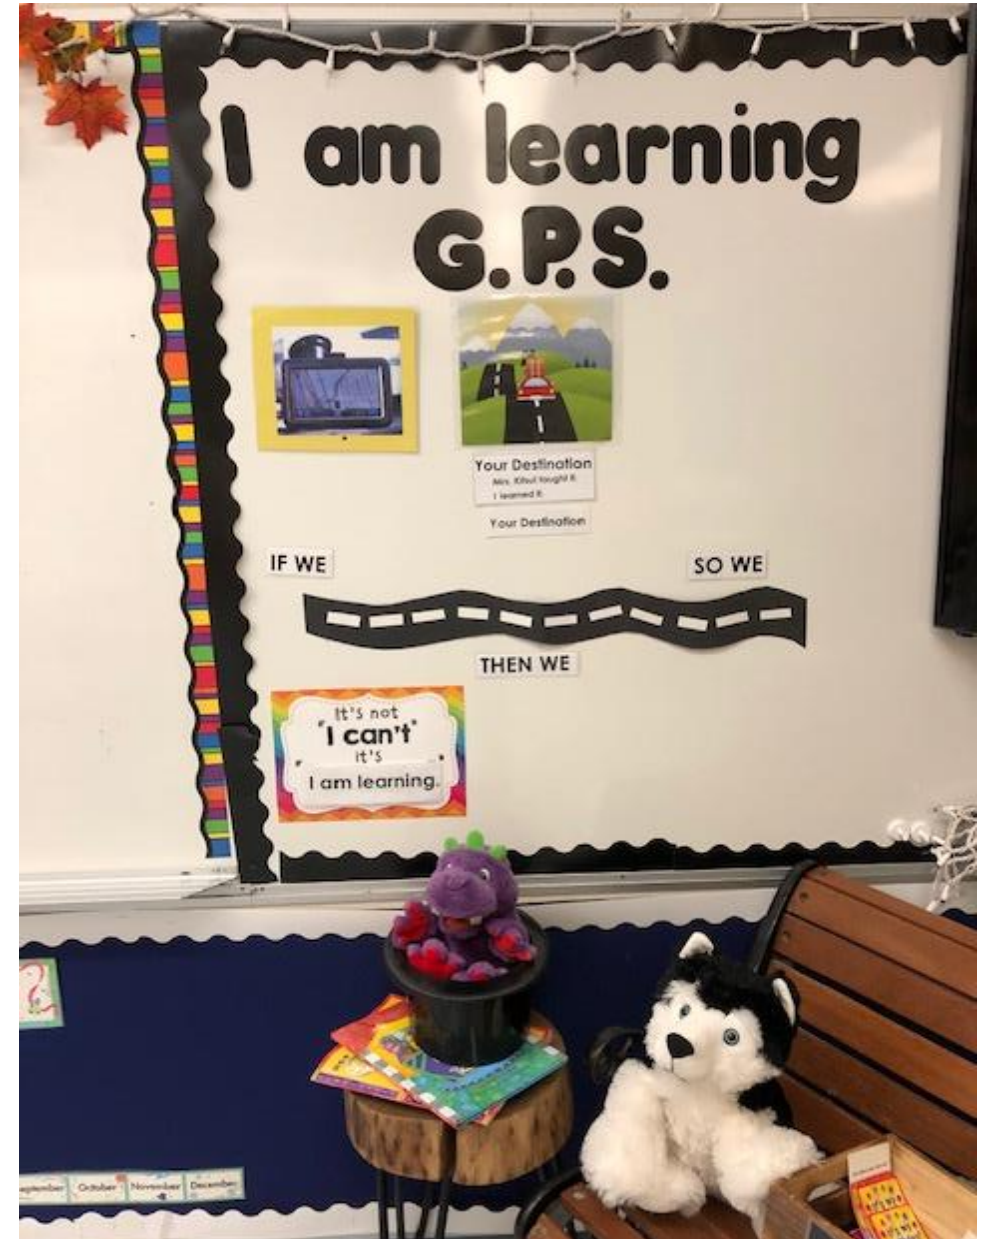

Here are some more classmates!

If I'm tired when
I come home
here is why. Look at
my day! I need to eat all
my lunch. Thank you for
my lunches. Mrs. Kitsul
thinks they look great!

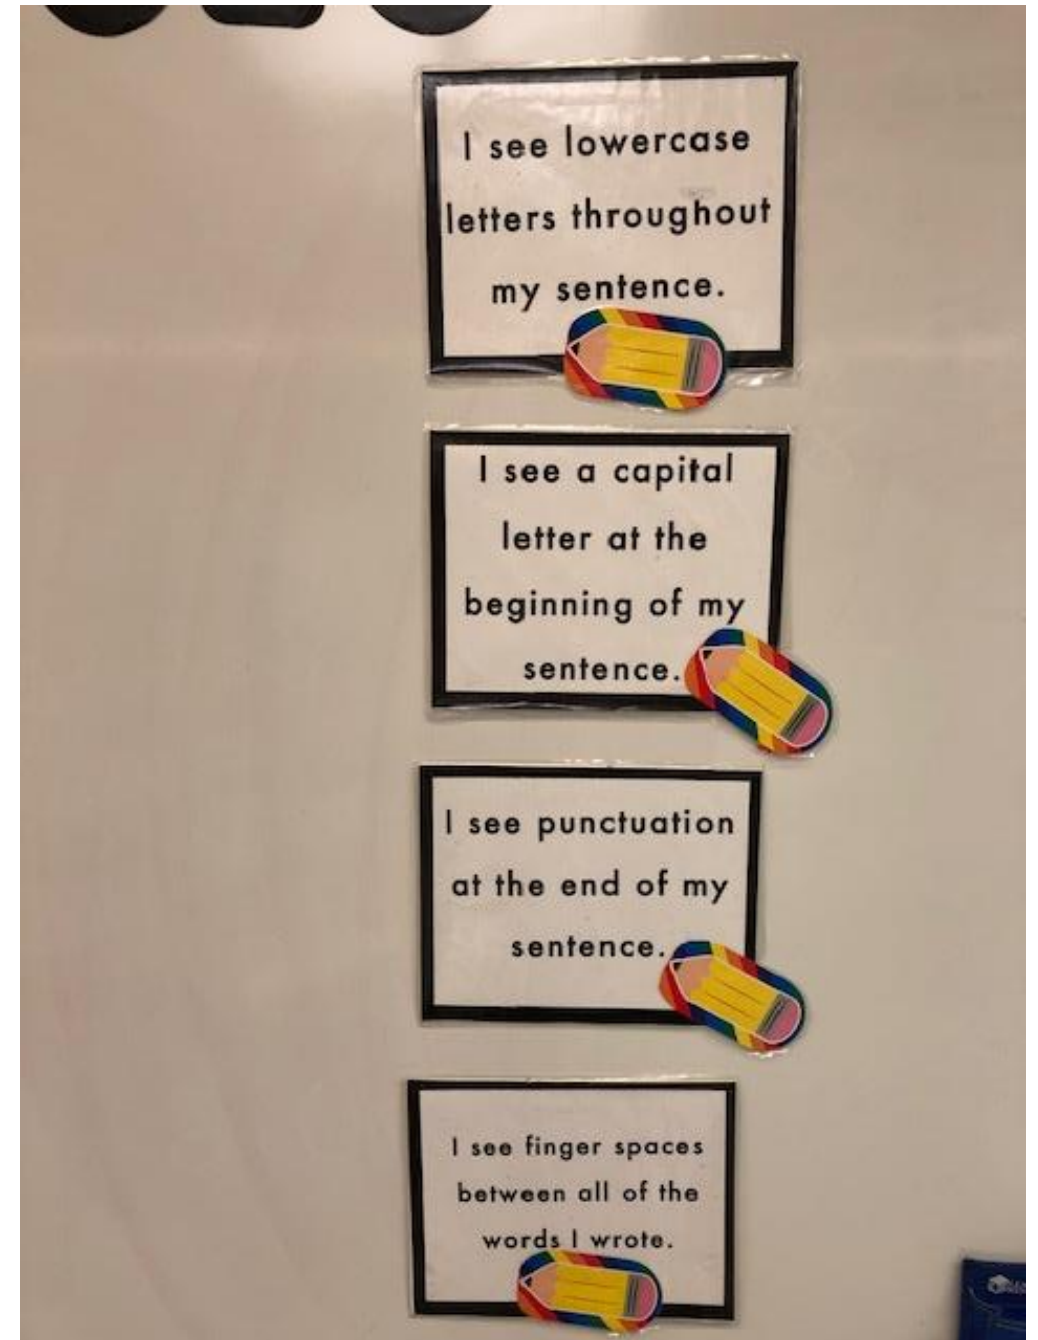

Ask me about G.P.S.
and the road I am
travelling. Can you see
our classroom Huskey
and the Greeny
Meany Purple
Munching Monster?

I'm learning to read.
Let me tell you what
a sentence is. I am learning
to read with Fluency,
Expression and
Comprehension!

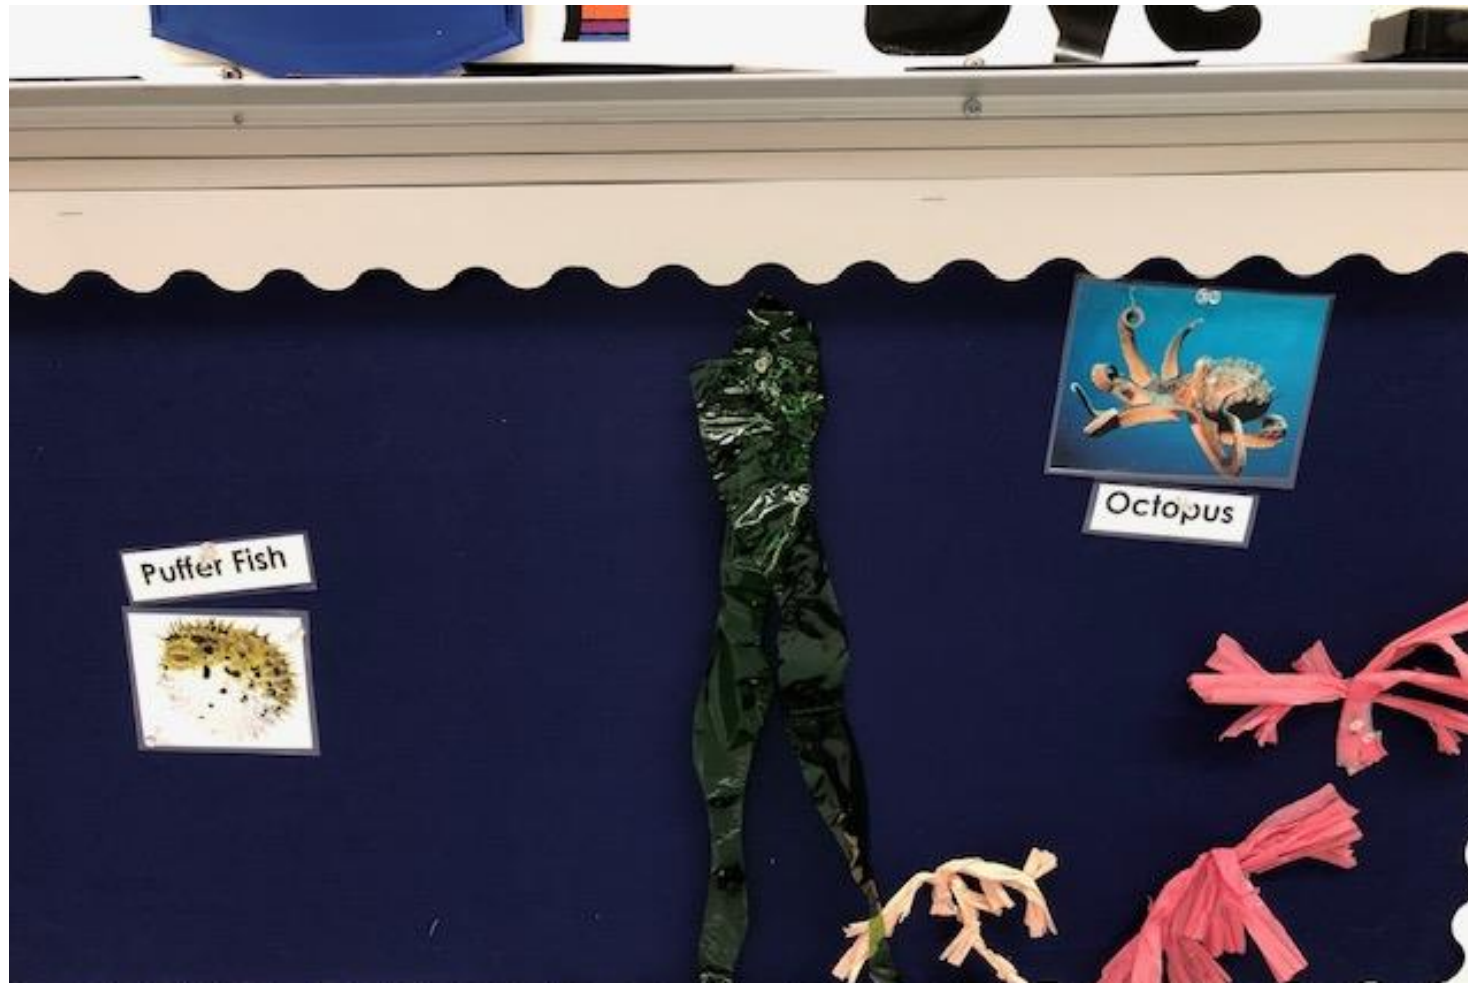

I am learning to write.
Ask me what these
pictures are about.
The word is one of
Mrs. Kitsul's
favourite words!

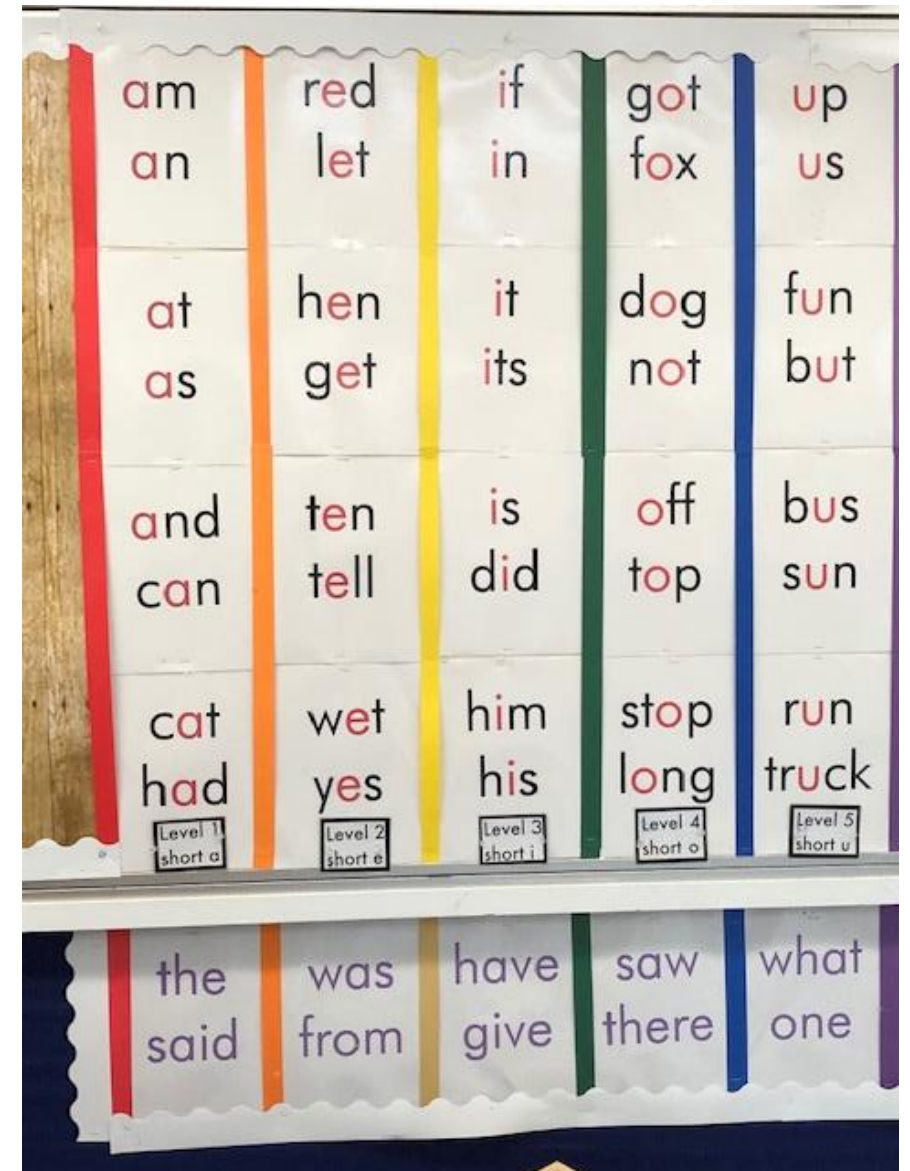

I am learning about math. Math is all around.
We are learning about math norms!

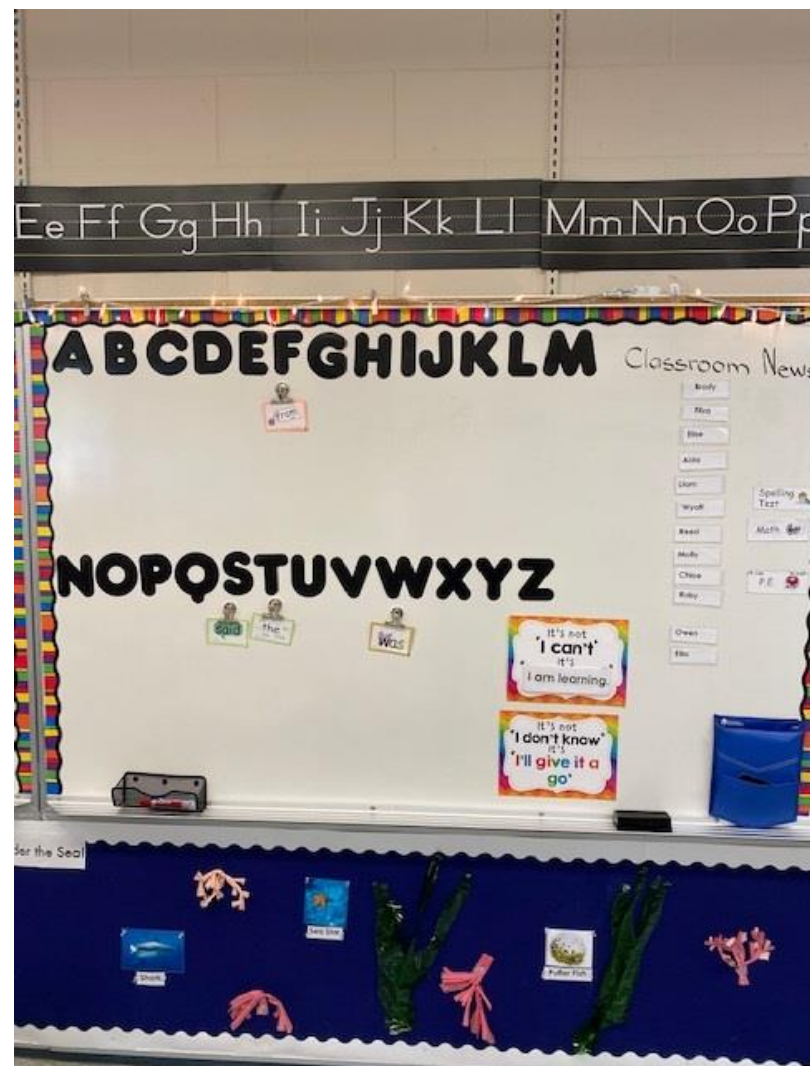

Let me tell you about my Home Reading. I read just right reading material **MOST** nights. Ask me when I don't read at night! Now I am reading across the sea!

We spell these words like we are playing charades. Watch me! Can you see the “Greeny Meany” words? We have actions and saying for these words. We also have Test Tuesday! A test is for Mrs. Kitsul. She needs to know what to teach us!

Here is one of our classroom alphabets. It will get bigger as we add word level words that are “Greeny Meany” words. The other word level words we will spell correctly! That will happen in January.

I am learning about me. There are so many new things to discover about me!
